

**POSTGRADUATE DEGREE IN MATERIALS PHYSICS  
WINTER SEMESTER LECTURE TIMETABLE (\*) 2019-20**

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
09:00-10:00					
10:00-11:00			Thermodynamics of Lattice Defects	Thermodynamics of Lattice Defects	
11:00-12:00		Electronic Structure and Properties of Matter	Thermodynamics of Lattice Defects	Thermodynamics of Lattice Defects	
12:00-13:00	Spectroscopic Methods for Materials Characterization	Electronic Structure and Properties of Matter	Spectroscopic Methods for Materials Characterization	Electronic Structure and Properties of Matter	Advanced Laboratory
13:00-14:00	Spectroscopic Methods for Materials Characterization	Advanced Laboratory	Spectroscopic Methods for Materials Characterization	Electronic Structure and Properties of Matter	Advanced Laboratory
14:00-15:00		Advanced Laboratory			Advanced Laboratory
15:00-16:00	Quantum Mechanics	Mechanics	Quantum Mechanics	Mechanics	
16:00-17:00	Quantum Mechanics	Mechanics	Quantum Mechanics	Mechanics	
17:00-18:00			Quantum Mechanics		

(\*) ■ Solid State Physics Seminar Room ■ Astrophysics- Astronomy- Mechanics Seminar Room ■ Nuclear & Particle Physics Seminar Room ■ Laboratories of Solid State Physics Department
